

Instructions:

Take the included prescription form to your physician or urologist to discuss if TriMix is right for you.

Have your physician choose the TriMix formula on the prescription form that is right for you.

Indicate on the prescription form, the package you would like to order.

_ Package 1 includes:

- Formula indicated by your physician
- The correct size and number of syringes for your order
- Next business day shipping of your items in a cooler with an ice pack to keep medication cool.

*refrigerate medication upon receiving

Package 2 includes:

- All items from Package 1
- "Rescue Kit" including a 5ml vial of phenylephrine (1mg/ml) to inject in case of priapism (erection lasting 4 hours or more)

Phenylephrine is to be injected at 0.5ml's every 15 minutes until erection subsides. (Normally 1 or 2 injections)

*refrigerate medication upon receiving

Fax the prescription form to the number indicated.

Our staff will call you to arrange payment.

*Orders normally take 24 – 48 hours to process (business days only, M – F). Once your order is processed it will be sent out UPS overnight to arrive the next business day. We do NOT ship on Fridays, Saturday's or Sunday's.
